

Helderberg Nature Reserve

NOTICE

Construction of the New Multi-purpose Centre

Development of the Multi-purpose Environmental Education Centre is underway in the nature reserve. Construction of this new facility will continue for the next year.

During this time the area around the construction site will be inaccessible to the public.

The parking space opposite the Information Centre is closed to the public and has been reserved for vehicles working on the building project.

Visitors will still be able to access all the reserves trails. A number of routes have been highlighted so that visitors can avoid the construction area. Please be cautious of construction vehicles.

→ Preferred Routes to access All Trails

→ Pedestrian Access Only, exercise caution
